Education

2011-08 - 2014-05

High School Diploma

4th EPAL ATHENS - Athens, Greece.
- Completed programming-focused curriculum at Athens High School.
- Acquired foundational skills in computer science, coding, and software development.
- Demonstrated a strong aptitude for problem-solving and logical thinking.
- Graduated with a solid understanding of programming principles and practices.

2022-08 - 2024-01

GED

SoftUni - Sofia, Bulgaria.
At SoftUni, I started with the basics, diving deep into JavaScript. From there, I smoothly moved on to HTML and CSS, learning how to create awesome-looking websites.
Next, I explored Node.js for building powerful server-side applications. With React and Angular, I ventured into modern web development, crafting sleek and user-friendly interfaces.
This learning adventure at SoftUni isn't just about coding—it's about embracing new challenges, growing skills, and staying on the pulse of tech trends. SoftUni is not just a school; it's where I shaped my coding abilities for a future filled with exciting possibilities.

Work History

2023-11 - Current

Intern Mobile & Web Developer

Race Fanatic App, Sofia
- Angular & ionic mobile app.
- Collaborated with a dynamic team to design and implement features that enhanced the user experience, making the app intuitive and engaging.
- Played a crucial role in integrating real-time event updates, ensuring users stay informed
